Widening of Amapola Requested
 Attention of the city council was called to the narrow section of Amapola avenue in the 800 block and to the poor condition of the alley, at Tuesday night's meeting, by Walter Wiitanen, who lives at 819 Amapola. "This street is too narrow for two vehicles to pass, and a fire truck couldn't possibly get through," Wiitanen said. "The alley is so rough that fire equipment would be damaged in driving through it." Wiitanen suggested the city remove the six-foot parkway. City Engineer George Stevens was asked to report back on the matter at the next meeting.

HERE'S WHY ONLY THE BEAUTYREST GIVES THIS ON THE LEVEL COMFORT

ORDINARY ACTION. Ordinary springs are tied together with wire. When you press one spring down, others go down too... forming a hollow. This type cannot give you supreme comfort.

BEAUTYREST ACTION. Every Beautyrest spring has its cloth pocket. Each works independently... has no connection with any other. Springs under your hips can't pull away springs from under your shoulders. Every part of your body gets proper support.
